

For the past fifty years, Linda Smith has been an extraterrestrial experiencer and is the author of “The Kings Are Coming”, a biographical account of her and her family’s lifelong encounters.

Born in New York City, Linda grew up on Long Island in Uniondale and Freeport. Studying business at Long Island University’s C.W. Post Campus, she went on to work in the local public school district and has continued to work in education since 1998.

As a third-generation experiencer, Linda’s earliest recollection of any extraterrestrial contact took place fifty years ago at the age of three when she found herself face to face with two small beings standing in the hallway of her home. Linda’s family is no stranger to alien contact or UFO phenomena either. Her maternal grandmother, Florence, had an unexplained scoop mark on her leg since childhood. Her sister, Michele, had a first-time experience around the age of four and Linda’s children have had experiences spanning the last twenty-one years, making them the fourth generation in her family to have inherited what started with her grandmother and continued with her own mother, Ruth.

In 1994, Linda’s mother, Ruth, started openly showing an interest in UFOs, logging every sighting and experience she had for the next eleven years. Following Ruth’s suggestion, Linda started journaling shortly thereafter. As fate would have it, the combination of these two diary logs would eventually become the foundation of “The Kings Are Coming”.

Currently, Linda is a member of the executive committee for the New Mexico UFO and Paranormal Forum and has been asked to be on the alien contactee discussion panel for the Forum. She has been invited to be a guest on Revolution Radio’s Cosmos Connection and will be speaking at the 2018 Cosmic Highway Conference in Hooper, Colorado.

A mother of four children and a grandmother of seven, Linda currently resides in Rio Rancho, New Mexico, with her husband, Richard Smith, who is also an extraterrestrial experiencer. To contact her for a speaking engagement, visit [ufoteacher.com](http://ufoteacher.com) today.
