The Moor, The Mason And The Alien

PART II: A VRIL MANIFESTO BY AUTHOR RICHARD SMITH

Rio Rancho, NM – Richard Smith Design, a Rio Rancho based digital marketing and graphic design company, has teamed up once again with CreateSpace to publish *The Moor, The Mason And The Alien Part II: A Vril Manifesto*, a much anticipated sequel in the groundbreaking book series, *The Vaulted Journals of UFOteacher*, by author and international speaker Richard Smith.

A visionary synthesis of alien contact, the Moorish Legacy, the Vril power and human origins, *The Moor, The Mason And The Alien Part II: A Vril Manifesto* engages the reader with a radically ambitious scope of knowledge and wisdom, putting us on track with a magnificent interstellar experience through the paranormal and extraterrestrial terrains of ancient history, psychology, economics and current affairs. Ranging from the author's personal odyssey to the global issues we all face, Richard Smith serves up 'a spiritual insurrection', an epic saga of humanity's legacy reborn. Picking up where *A Call To Action* left off, Smith takes the reader on an historical account of the Crop Circle Rebellion, beginning with the resurgence of the Female Principle's Vril power going head to head with the alien Greys, and transforming into the political battlegrounds of the United States in modern day America.

Rooted in the extraterrestrial, paranormal and metaphysical experiences of the author himself, his path of awakening brings him face to face with Phase VII, the final stage in a seven-part campaign that confronts everyone with their own true origins on Earth. Guided by an interstellar collective known as the Sisterhood, the author intentionally takes the reader on an odyssey of self-exploration into the human condition, challenging us all to face the reality of the Ancient Vendetta against humanity. As the fate of Mother Earth hangs in the balance, the adventure escalates into a battle of wits pitting the Vril-Krist legacy and the Gene for Passion against the Corporate Titans of Orion in a global movement known as the Human Origins Revolution. The result of twenty years of paranormal experience, psychological analysis and metaphysical study of Earth's solar system and cosmology, *The Moor, The Mason And The Alien Part II: A Vril Manifesto* provides a unique, unvarnished and revolutionary perspective on humanity's origins that is introspective, ethereal, apocalyptic and otherworldly all at once.

The Moor, The Mason And The Alien Part II: A Vril Manifesto is available through Amazon and Kindle, Barnes & Noble and Nook, and many other independent, local and regional booksellers. For more information, please visit us online at <http://book.ufoteacher.com> today.
