UFO enthusiast in N.Y. found unfit to stand trial

John Ford, a UFO enthusiast accused of masterminding a plot to assassinate three political officials in Suffolk County, was found unfit to stand trial on Thursday. A judge ordered that he be sent to an upstate psychiatric institution for at least a year.

Ford, 48, was arrested a year ago on charges that he was scheming to kill the three officials by putting radium in their cars and lacing their toothpaste with radioactive metal.

Investigators said Ford wanted the three officials killed because he believed they were interfering with his efforts to contact aliens from outer space. Ford's friends said he believed that visitors from outer space had crash-landed on Long Island and that government officials were keeping the aliens at Brookhaven National Laboratory in Upton and had created diversionary fires in Long Island's Pine Barrens to conceal the crash landings.
